

Bridge Blog – 26th January 2023

Saturday Rubber Bridge 2-5pm – continues weekly

The usual format is to play one rubber then call table up. If there are an odd number of pairs, it is a good opportunity for the sitting out pair to have a cup of tea and a chat- all very relaxed. I have posted a sign- up sheet on the bridge board in reception for this coming Saturday and included an overview of the scoring as a reminder for those who are a bit rusty.

Please sign up as a pair on the bridge noticeboard in Reception and remember to cancel your names if you can't attend. This can only go ahead if at least two pairs sign up.

Miller Cup

The Miller Cup went ahead on Sunday 15th January with 24 Members attending. Peter Bonnor-Moris was the overall winner followed by Joan Cookson in second place and Maria Wiehe in third place. Congratulations to all three.

It was a very successful weekend for Peter who also won the Hurlingham Swiss teams on Saturday 14th January playing with Malcolm Bricknell, Ron Wood and Ralph Evers. Well done to this Roehampton Club team for an excellent win.

Upcoming for February

Founder's Trophy

This is played over two Mondays, the 6th and 13th February at 1:30pm. To qualify for the trophy, you must play with the same partner for both of those two dates. However, you can still play in the duplicate if you aren't playing with the same partner.

Roger Lawson, Chair of Hurlingham Bridge, presenting the trophy.

Teams Practice

The next Teams Practice will take place on Friday 17th February at 1:30pm. Please sign up on the bridge noticeboard in Reception.

Bridge Room – Notice from the Committee

Please could we politely ask that you tidy away any crockery/glasses, etc. which you have used when you have finished playing and not leave them on the side tables. The Bridge Room is heavily used for both organised sessions and casual games throughout the week so if you could move any glasses etc to the table/trolley in the corner of the room for collection by staff, that would be helpful. Thank you.

Julie Bacon

Bridge Chair
